The Tribal Group
A Division of Means & Associates, LLC

We are pleased to announce our new consulting division, *The Tribal Group*. Means & Associates, LLC was established in 1992 as an independent third party retirement plan consulting and administration firm. Our expertise and exceptional client service model has allowed us to work with Plan Sponsors across the nation.

In 2004, we began assisting Tribal Governments and their commercial enterprises with their member and employee benefit programs. Over the last 10 years, we have seen dramatic changes in how retirement plans and trusts are structured and serviced in the marketplace. We have solidified our commitment to working with Tribal Governments by establishing **The Tribal Group, A Division of Means & Associates, LLC**. This division provides services in addition to our existing robust consulting, compliance, and advanced administration services for 401(k), Profit Sharing, Defined Benefit, Minors' Trusts, and Adult Per-Capita Trusts.

Our goal at the Tribal Group is "Protecting Native Money". We are proud to bring you our *Vendor Search & Select* program.

Our industry experience allows us to guide Tribes, Plan Sponsors, and their management teams through the vendor selection process. Our independence ensures that our clients receive objective and unbiased information focused solely on their objectives when seeking the most appropriate vendors for their benefit programs. From RFP Development to Final Selection- we are your dedicated partner.
